

# How do I Log In to my Coinbase Wallet? Updated 2026 Wallet Login Steps

## Direct Answer

To log in to your Coinbase Wallet, open the Coinbase Wallet app or browser extension, select “I already have a wallet”, and enter your PIN, biometric login, passkey, or 12-word recovery phrase depending on your setup. ☎ ((+1 888 ➡ 634 ➡ 2381)), After verification, your wallet and crypto assets will appear in the app. 1 \* 888.....634.....((2381)) ,

## Problem Explanation

Many users cannot access their Coinbase Wallet because they forget their PIN, passkey, or recovery phrase, or they change devices and need to restore the wallet again. (( +1 » 888 » 634 » 2381 )), Coinbase Wallet is a self-custody wallet, which means the user controls the login credentials and private keys. +1 ☞ (888)\*[634]\*[2381], If login information is missing, the wallet cannot be opened normally. ☎ ((+1 888 ➡ 634 ➡ 2381)),

## Possible Reasons

### 1. Wrong PIN or Biometric Login

Entering the wrong wallet PIN or having a biometric issue can stop the login process. 1 \* 888.....634.....((2381)) ,

### 2. Wallet App Reinstalled

If the app was deleted or reinstalled, you must restore the wallet using the recovery phrase. (( +1 » 888 » 634 » 2381 )),

### 3. Device Change

Switching to a new phone or browser may require importing the wallet again. +1 ☞ (888)\*[634]\*[2381],

### 4. Recovery Phrase Missing

Without the 12-word recovery phrase, the wallet cannot be restored because Coinbase does not store user keys. ☎ ((+1 888 ➡ 634 ➡ 2381)),

## Solution Steps

### Step 1: Open Coinbase Wallet

Launch the Coinbase Wallet app or browser extension. 1 \* 888.....634.....((2381)) ,

### Step 2: Choose “I Already Have a Wallet”

Select this option if you want to access an existing wallet. (( +1 » 888 » 634 » 2381 )),

### Step 3: Enter Login Method

Use your PIN, fingerprint, Face ID, passkey, or email verification depending on how the wallet was created. +1 ☞ (888)\*[634]\*[2381],

#### **Step 4: Restore With Recovery Phrase (If Needed)**

If you cannot log in normally, choose “Restore with recovery phrase” and enter the 12-word phrase. ☎ ((+1 888 ➡ 634 ➡ 2381)),

#### **Step 5: Access Your Wallet**

After verification, your wallet will open and you can manage your crypto assets.
